

Vikings Travel To Charlevoix Friday

LAKE MARGRETHE ASSOCIATION HOLDS MONTHLY MEETING

The Lake Margrethe Association held its regular monthly meeting on Sunday, September 20, at 2 P. M. at the Graying Sportsmen's Club building. There was a good attendance and the meeting was well conducted. The association is planning a trip to Charlevoix on Friday, October 2, to compete in the annual Viking tournament. The association is also planning a trip to the Lake Superior State University archery tournament on October 10-11. The association is also planning a trip to the Lake Superior State University archery tournament on October 10-11.

Score Moral Victory Over Gaylord Blue Devils Here Last Friday

Grayling Outplays Bigger Rivals

The Graying High Vikings grid-ers still seeking their first win of the season travel to Charlevoix Friday night to take on the highly touted Rayders. Charlevoix, coached by another Northern Michigan coach, has not been scored on in the last ten straight games. The Rayders from the Lake Michigan shore are big, fast and smart. Graying is given little chance to upset the doze bucket which picks Charlevoix as the winner.

Friday night, the Vikings achieved a moral victory although losing to the Gaylord Blue Devils 12 to 6. Graying, picked in the season polls along with Charlevoix and Manistowish as the teams to watch in the conference, were outplayed all over the field by the smaller and less experienced Vikings. Two breaks, one good for Graying, the other bad for Graying, spelled the difference between a tie and a loss for the green and white clad Vikings. A fumble pass late in the second period gave Graying their second touchdown, while the Graying team ran out of time just before the half with a first down and a yard to go for their second touchdown.

Gaylord scored first Friday night at the Graying Memorial Recreation Area gridiron on a pass play that covered about 20 yards from quarterback Terry Crenshaw to end John Johnson. The kick for extra point was wide. Graying, after taking the kickoff following the Blue Devils score, swung half-back Roger Hatfield wide around end and behind good blocking with blinding speed Hatfield rumbled 88 yards for Graying's score. The try for point failed.

Later in the second quarter with fourth down and 17 yards to go, Graying on the Graying 30 yard line elected to pass. Graying batted the pass down on the five yard line but it fell directly into a Graying player's hands on the two where he was downed immediately. On fourth down, Bob Burnison, Graying fullback carried the ball in for the score. Again the try for point failed.

With 23 second left in the first half, Hatfield intercepted a Gaylord pass on the Graying 33 yard line and ran it down to the 20. In the succeeding plays, Graying managed to punch the ball down to the Graying one yard line for the first time.

The Graying High Eagles participating in the first football game of the school's history at the Graying Memorial Recreation Area under the lights last Saturday night lost to Vanderbilts by a 54 to 20 score.

Eagles mentor, Murel-Fisk said of course inexperience was a big factor in the team's loss. Jitters during the first half with shoddy blocking, kick punt and kickoff returns plus high tackling saw the Eagles on the slim end of a 27 to 0 score. Frederic came back in the second half to nearly play the winners even as the second half was 27 to 20 in Vanderbilts favor.

Jerry Gabriel, Benny Redman and Jack Smith each scored touchdowns for Frederic with Ron Mertes passing for two of them and also tossing for two points after touchdown. One point winner lends hope for Frederic's chances in the Northern Michigan Six Conference is that all of their scores came from long, sustained matches. Gabriel led Frederic with 141 yards gained in the scoring drive. Vanderbilts' squad was quite a veteran outfit which did not help the Eagles.

Frederic plays at the lighted Graying field again next Saturday night meeting Mackinac City. In other conference action last week and Mackinac City won over Bellaire and Inland Lakes defeated Central Lake.

Seven schools comprise the conference besides Frederic, Vanderbilts, Bellaire, Central Lake, Inland Lakes and Mackinac City. Ellsworth is a member. The Ellsworth Lancers were idle this past week end.

Frederic, the only new team in the conference, replaces Elk Rapids. Elk Rapids won the Northern Six title last year and this season entered competition as a rival.

Information and reservations for the first Archers Annual Deer Hunt may be obtained from the Graying or Kalkaska Chambers of Commerce, or from Lake Valley Resort. Anyone hunting in northern Michigan is eligible to enter the contest.

The Howard McCann was up for a few days of rest as Howard's arm isn't too well yet. While here they attended the funeral of Mrs. Maud Carroll, an old friend of theirs.

The McCann and Hericks played pinocle and at one hand Mrs. McCann had double pinocle and her partner, Mrs. Herick had 800 kinks. We had a nice dinner Sunday then they returned to Detroit.

Mr. and Mrs. Johnny Seibel returned to Detroit but will return this week. Glad to have you back Mary and Johnny.

The Nussbaums of Flint were up for a few days.

The Jensons of Detroit are back up to their old jobs.

Two twin towns have been blighted around Twin Bridge area. It was nice to see our old friends, Edith Spaulding and Lot- to Herchenko and her sister up from Detroit.

KIWANIS ELECTS NEW GOVERNOR

Fred C. Welsh, Graying club president and Eric Post, first vice president were delegates to the 42nd annual Michigan District Convention of Kiwanis International, just adjourned in Detroit. They reported to the club Monday evening that Charles C. Saur of Grand Rapids had been named as Governor of the Michigan District.

Also they reported the election of William Fleming of Traverse City as Lieut. Governor of Division 14 of which the Graying Club is a member. The delegates reported that the convention just ended registered the largest number of delegates in the history of Michigan Kiwanis.

The 1960 Convention is scheduled to be held in Grand Rapids. Eight members of the Graying Club traveled to Cadillac Monday evening to meet with that city's club in an interclub meeting.

Eagles Lose Grid Opener By 54 To 20

REMINDER

County schools in Crawford County will be closed this Thursday and Friday while the teachers attend M. E. A. meetings in Alpena.

Hunting Season Opens Today

Hunters will swing into action October 1 in northern Michigan with the opening of firearm seasons on small game and bear and archery seasons on bear and deer. In the southern lower peninsula the archery bear season also opens October 1.

Last year's bag limits and season lengths will continue on ruffed grouse, pheasant, raccoon, rabbit, squirrel and woodchuck hunting. Pheasants will not be legal targets in the northern lower peninsula until October 20 when small game season will be open state wide. Fox squirrels will again be protected in the Upper Peninsula.

For the first time in the State's hunting history, Hungarian partridges will be fair game under a short experimental season. "Hunkies" may be hunted October 12-15 in Chippewa county only. Bag limits will be two per day, four in possession and eight per season.

Woodcock hunting seasons will run October 1-November 9 in the Upper and Lower Peninsulas and October 20-November 9 in the Southern Lower Peninsula. These cork-screw acrobats will be the first migratory game birds open to hunting in Northern Michigan. Seasons on other migratory game birds, including waterfowl, begin at noon October 7.

Deers may be hunted with dogs October 1-November 5 above the Straits, October 1-15 in the Northern Lower Peninsula and October 7-15 in the Southern Lower Peninsula under small game licenses and special \$2.00 bear stamps.

Archers may hunt bear throughout the state October 1-November 5 under bow and arrow deer hunting licenses. Special bear stamps will not be required. Dogs are not permitted.

Archery deer seasons will run through November 5 in Northern Michigan and December 15 in Allegan county. Archers may take only bucks with at least three inch antlers in Emmet, Menominee and Chippewa counties—with the exception of Drummond Island.

Elsewhere, including Drummond Island, deer of either sex or any age may be taken by bow and arrow hunters.

Additional hunting information is included in the 1959 Michigan Game Law Digest which is available at license dealers and district field headquarters of the Conservation Department.

With zero hour approaching on Michigan's 48th anniversary, Conservation Department officials are urging sportsmen to set their sights on hunter safety as well as hunter success.

The ample room for improvement on last year's safety record which was marred when 12 persons were killed and 200 wounded by firearms during these small game seasons.

Department officials stress the greatest menace to hunter life and limb during this year's seasons will be the victim's own gun or that of a hunting companion. Five hunters died last year from self-inflicted wounds and statistics showed that in 10 of the 12 fatalities, the victim was within 10 yards of the fired weapon.

As in the past, last year's casualties pointed out that the majority of accidents are caused by poor judgment and carelessness. Stray bullets and hunter firing misjudgments claimed four lives and wounded 101. Two hunters were killed and 12 wounded by careless loading and unloading. Three persons were fatally wounded while holding their weapons by the muzzle and clubbing game.

Other accidents were caused by careless fence and log crossing, careless handling of weapons, tripping and falling, defective weapons and loaded weapons in cars, boats and tractors.

Hunters are reminded that shotguns and rifles must be unloaded and either broken down, in a case, or in the trunk when they are carried in cars.

Observance of these rules will help hunters from becoming a 1959 accident statistic: 1) Be sure of your target before you pull the trigger; 2) Know what is beyond your target; 3) Know where your companions are located; 4) Always carry your gun so that you can control the direction of the muzzle if you should stumble; 5) Never climb a tree or fence or jump a ditch with a loaded gun; 6) Know and respect Michigan's game laws.

Grayling Bank Awarded City Highway Bonds

The Graying State Bank was the successful bidder for \$142,000 in City of Graying bonds, for the bond of 4 and one-quarter per cent interest.

There were four bidders for the bonds but the bank was awarded the bonds at a special City Council meeting held last Monday evening for their low bid.

The bonds will be repaid over a ten year period from proceeds from the Motor Vehicle Highway Fund payments anticipated from the State of Michigan during the next ten years.

The bonds will be used by the City of Graying to improve Michigan Avenue from Park Street to the County Road. The street is to be widened, curbs and gutters installed along with the necessary storm sewer.

Officers and directors of the bank stated that they entered what they felt would be the lowest bid to not only obtain the bonds but to give the City of Graying the best possible interest rate. The bank officers and directors further stated that they had all possible optimism that Graying's economy was assured and that future growth and expansion would justify the low interest rate given.

Plan Test For Conservation Officer

The State of Michigan announces an open competitive examination for Conservation Officer 1, the examination to be a written test November 21, 1959, and an oral interview at a later date, upon notification.

Minimum qualifications for Conservation Officer 1 are as follows: You must have reached your 23rd birthday, but you must not have reached your 30th birthday as of October 1, 1959; you must have graduated from high school or be able to satisfactorily complete a General Educational Development test; you must be not under 5 feet 9 inches in height, nor over 6 feet 4 inches, in stocking feet; weight must be not under 150 lbs. nor over 220 lbs.; stripped; you must have at least 20/30 vision in each eye without glasses to be corrected to 20/20; with glasses prior physical and have adequate color and depth perception; you must have normal hearing; and good physical condition.

The written test will be administered at one of various examination centers throughout the state. The oral interview will be held in Lansing.

In order to take the written test, you must file an application for it at the Michigan Civil Service Commission Office, Lansing, Michigan, no later than October 14, 1959. This application will be considered part of the written test. Applications may be obtained at the Crawford County Courthouse, from County Clerk Leo Lovely.

District Nurses Group To Meet At Graying

Registered nurses of the North Central District of the Michigan State Nurses Association will meet at 8 P. M. on Monday, October 5 at the Mercy Hospital in Graying.

Engaged and planning an October 31 wedding are Miss Deanne M. Herick and Mr. John A. Stephan, son of Mr. and Mrs. Norval Stephan of Graying.

The betrothal is announced by the bride-elect's parents, Mrs. Eric Post of Graying and Mr. Gerald Herick of Mt. Pleasant.

Both Deanne and John are graduates of Graying High School, she in 1957 and he in 1953. John served two years in the armed forces, in Alaska. He is currently attending Northwestern Michigan College at Traverse City.

Little Vikings Keep Victory Streak Going

The Graying High Viking junior varsity football squad left it be known that the green and white's football fortunes are bound to rise soon as they smashed out their second straight win of the season at the Graying Memorial Recreation Area lighted gridiron last Thursday night over the Kalkaska Jayves 20 to 0.

Three long runs with one coming in each of the first three periods broke the back of the little Blue Blazers. On the third play of the game, Lance Stephan went over left tackle 48 yards for Graying's first score. Mike Young added the extra point on a line plunge.

In the second quarter Tommy LaMotte on a quarterback keeper play rolled out and traveled 40 yards for Graying's second touchdown. The extra point was missed. In the third quarter, LaMotte again crossed up the Kalkaska defense with a bootleg play and went 57 yards for Graying's third touchdown. Larry Gust added the extra point with a line shot over left tackle. The game was called after 3 1/2 minutes of the fourth quarter had elapsed. Injuries made it impossible for Kalkaska to field a full eleven men. This was Kalkaska's first jayvee game. They never threatened Graying as the closest they ever moved to the Viking goal was the 26-yard line and that as the result of a poor Graying punt.

Jayvee coach Art Thayer said the victory was again a team effort but had praise for quarterback LaMotte, Lance Stephan, Gary Pettibone and Mike Young in the backfield while along the line good games were turned in by Larry Millikin at center, Ted Carlson and Norman Sorenson at guards, Sherman Neal, Martin Fluer and Mike Sheezy at tackles, Larry Gust and Ted Berry at ends, Larry Kroll played his first game and turned in an outstanding game as a linebacker.

The next jayvee game is with Houghton Lake there this Wednesday night.

Plan New Car Show At Legion Building

Stevenson - Brown, Graying's dealer for Cadillac, Oldsmobile and Chevrolet is planning a new 1960 model show at the Graying Legion Hall this week.

They announce that the new Oldsmobile will be shown on Thursday, October 1 with the 1960 models of Cadillac and Chevrolet going on show the next day, Friday, October 2. The models will be on display all afternoon and evening of Thursday, Friday and Saturday.

Services For Haertel Held In Ann Arbor

Graveside services for Rudolph K. Haertel II, three-month-old son of Rudolph K. and Evelyn (Barbara) Kennedy, Haertel of 127 Hoover Ave., Ann Arbor, were held, September 22, at 11:30 A. M. in "Baby-land" in Washtenaw Memorial Park in Ann Arbor. The Rev. Richard I. Pries officiated.

Rudolph II, who suffocated in his crib, was born June 13, 1959 in Ann Arbor. Survivors besides his parents, include his maternal grandparents, Mr. and Mrs. Harley Kennedy of Ann Arbor, and his paternal grandparents, Mr. and Mrs. Konrad Haertel of Munich, Germany.

Among those who attended the services were Mr. and Mrs. (Sally) Glen Dick of Grand Haven, Mrs. William Tinker and Mrs. Tom Brown of Graying.

Auto Agency Changes Hands

The partnership of Stevenson-Brown, Graying Chevrolet, Oldsmobile and Cadillac sales and service will be dissolved this week. It was thought that the change would take place on October 1st or 2nd, but it was delayed until this week. James Brown will assume full ownership of the automobile sales and service agency. His former partner, Alan Stevenson is leaving for Houghton-Hancock where he will have a Chevrolet and Oldsmobile dealership of his own in the twin cities of the Portage Lake "canal."

The partners purchased the dealership from Arthur Goodrich, a former owner, in March of 1958.

Familiar Alarm Raised As Fall Classes Open In Michigan

A FAMILIAR ALARM was sounded as classes opened this fall for 1,645,000 public school students.

The schools were short of money, teachers and classrooms. The situation was especially critical this year because there was a delay in adoption of a school aid bill. There was further delay when a flaw in the bill was discovered after the Legislature had passed it and recessed.

Dr. Lynn M. Bartlett, state superintendent of schools, said Michigan is short nearly 8,700 classrooms in spite of tremendous financial efforts by Michigan citizens.

Bartlett said schools will have to spend about \$1,200,000,000 by the fall of 1964 to catch up on classroom construction needs.

Crowded classrooms and half-filled sections faced some students. Also facing students were 9,000 teachers who hold special certificates that allow them to teach on a temporary basis even though they do not meet desired standards.

Nearly 3,000 new teachers were on hand this year, bringing the professional school staffs throughout the state to about 65,000.

Student enrollment increased by about 70,000 from last year. But there were fewer school districts. The number of school districts decreased the past year by 214, bringing to 2,296 the number of districts.

Smaller districts banded together to form large district and other small districts annexed to larger ones.

The consolidation can't go fast enough for Bartlett. He backed a bill in the legislature that would have hastened school district consolidation. It failed to pass.

BACK-TO-SCHOOL movements signaled the end of the summer tourist season.

The Michigan Tourist Council was hopeful the season would gross 650 million dollars, which would top the record 1955 season by 25 million dollars.

Weather clipped the season at the beginning just as schools did at the end.

But unseasonably hot weather late in the summer stimulated the tourist trade and helped offset the slow start.

The boating boom, longer vacations offered by industry and continued interest in the Mackinac

Bridge all helped, although bridge traffic was down from last year.

Competition remains keen with in the tourist industry.

Park attendance is up from last year. There were 16,428,888 park visitors through August, an increase of 8.32% of about a million from the first eight months in 1958.

Thousands were turned away from park camp sites.

Resorting business is getting bigger. Areas that used to roll up the sidewalks at summer's end are preparing for autumn visitors.

The fall color season is helping the tourist industry more and more every year, thanks to a large degree to increased advertising.

And then there's the winter sports season.

The Tourist Council is spending \$250,000 for advertising to emphasize the state's year-around attractions.

A SUCCESSFUL INSTRUMENT in promoting Michigan—the newspaper—was honored during special ceremonies at the

Michigan State Fair.

"This is a mighty force in Michigan," said Lt. Gov. John B. Swainson as he traced the role of the newspaper in the state's development.

Swainson spoke at a program featured by award of Centennial awards to 33 newspapers that have been telling Michigan's story for 100 years or more.

"You have helped make Michigan great and will help make it even greater," Swainson said in noting it was fitting there should be special recognition for newspapers.

"Like many of our blessings and advantages, too often they are taken for granted," he said.

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the other ones can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space.

And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of filtering out road shock, tire hum and vibration.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 8 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds.

Chevy's accent on comfort and convenience even extends back to its easier-to-load (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters

out even the smallest engine impulses more effectively than ever and a trim new two-toning motif that's available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes ... and that's to drop in on your dealer and drive one!

New Cold War Facet . . .

As every follower of the news knows, the communists have been stepping up their economic offensive against the free world, and they are going all out to step it up a farther. Now the Chamber of Commerce of the United States has issued an important booklet, dealing with what this offensive means to American business, and with the difficult and extremely unusual problems that are involved. The report was prepared by a special committee of business executives and other experts, under the chairmanship of the editor of the Christian Science Monitor.

The report emphasizes that "the potential threat of a communist 'trade and aid' program lies not so much in its size as in the ability of the bloc to stretch its resources far beyond their significance in world commerce. . . it could serve as a potent lever for disrupting free-world economic and political ties, undermining the position of free enterprise in commerce, and for enhancing the communist power position in the world."

The bloc's economic offensive has certain special and

extremely significant characteristics. It is not an isolated endeavor but is, instead, thoroughly coordinated with political, diplomatic, military and other elements involved in foreign relations. Under communism, trade is totally centralized in the hands of the state and thus can be used in disregard of traditional trade patterns and to break a market price structure. The prices at which the Soviet can sell goods abroad need have no relationship to the cost of production at home. Goods can be disposed of at below-cost figures in order to gain political ends. On top of that, the report adds, "Soviet bloc foreign economic programs are highly selective and geared to exploit opportunities and weaknesses in the free world as they may arise."

The Soviets make full use of the fact that many of the less developed nations of the world have an ancient distrust of the West. The fires of local grievances, ambitions and feelings of injustice are constantly stoked. Aid is offered and granted in highly attractive terms. The whole purpose is to persuade nations and peoples that the Soviet bloc is a friend, that Soviet industrial might is capable of meeting the need, and that close ties with the West are neither desirable nor necessary.

So much for the challenge. The report is predicated on the belief that American business can and must meet it. Our job, it says, is to find the means to perform a role in the world similar to that played by Britain in the 19th century, when she was the center of the world's trading system. It makes a long list of suggestions for us to follow. These include, here at home, high and stable levels of production and employment; rapid growth of the economy; increased productive efficiency that reduces costs; more research projects concerned with foreign trade and investment, and so on. Then, in its actions abroad, the report says, private business "can counter the communist offensive most effectively by participating in the worldwide process of constructive change through increased private foreign investment and enlistment of private managerial and technical talents in the development of the less developed countries." It provides numbers of specific proposals as to how this may be done.

In any event, the cold war has moved far along a new line and is moving faster all the time. Trade and aid are the weapons.

QUIET REVOLUTION! ON DISPLAY FRIDAY! HOORAY! SMALL WONDER!

THE REVOLUTIONARY
Corvair
BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair. The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one. The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2 1/2 feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the

engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker—almost instantly—from an airplane-type heater).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvair is its remarkably low price. Your

dealer's the man to see for all the short, sweet details.

REVOLUTIONARY TURBO-AIR 6 Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

ONE-PACKAGE POWER TEAM Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

STYLING—PURE AND SIMPLE Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

FOLD-DOWN REAR SEAT* Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

FLAT FLOOR Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

UNISTRUT BODY BY FISHER Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

UNDER-HOOD LUGGAGE COMPARTMENT Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

4-WHEEL INDEPENDENT SUSPENSION There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

*Optional at extra cost

GRAYLING DAIRY QUEEN

BAPTIST CHURCH NEWS

Next Saturday night the Northland Youth Crusade Rally will be held in our church at 7:30, featuring a special attraction — a full length film entitled "In Times Like These". Young people from six other churches will be coming, so if you want to be assured of a seat come early! After the Rally the Frederic Young People are planning to go to Grayling for the last part of the football game, and then return to the church for an after-the-game party (a victory party, we hope).

Other youth activities for the month, a trip next Tuesday night to Cadillac, Mich., for Christmas. Red Harper is to be the featured entertainer; a roller skating party; and a get-acquainted dinner with Miss Betty Person, a missionary nurse on furlough from Assam, India.

A "parsonage-full" of people enjoyed the Goodfellowship social last Monday evening, including many of the former members and several new ones, who were very welcome. Highlights of the evening were the violin performance of Mr. Hendon, and "Electricity", a game in which all participated. How many more will join us at the next meeting on October 26, when we will be welcoming a six member team of God's Invasion Army?

Mrs. Henlon left Tuesday for a period of special nurses' training in a Chicago hospital; we'll miss her service and testimony, but look forward to her return in a few weeks, better prepared to serve God and men.

A Wonderful New World of Fords for 1960

A new world of style! A new world of savings!
A new world of performance! A new world of built-for-people comfort!
A new world of station wagon living!

On October 8, for the first time, there will be not one, not two, but three completely new kinds of Ford cars designed and priced for nine out of ten Americans:

The 1960 Fords—The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!

The 1960 Falcon—The New-size Ford, the world's most experienced new car, and the easiest car in the world to own!

The 1960 Thunderbird—The World's Most Wanted Car!

FORD—The Finest Fords of a Lifetime

Here are 15 new models! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. Five beautifully husky new station wagons. A sleek new Sunliner convertible and a brand-new hardtop model, the Starliner.

A wonderful new world of style. Ford's beautiful new proportions flow smoothly through an elegant Thunderbird-inspired roof to swift rear-quarter lines.

A wonderful new world of performance. For action, there are new Thunderbird V-8's that blend blazing power and acceleration with kid-glove smoothness.

A wonderful new world of ride. With Ford's new Wide-Tread Design, wheels are spread farther apart for a full 5-foot tread. It handles and rides like the Thunderbird!

A wonderful new world of economy. Ford's Mileage Maker Six and Thunderbird 292 V-8 and 352 V-8 all travel beautifully on regular gas at savings up to a dollar a tankful. And go 4,000 miles between oil changes.

A wonderful new world of built-for-people comfort. Six big people—including the man-in-the-middle—ride in greater comfort than ever. The new Fords give you as much as 4 inches more shoulder room, more knee room, more hip room. You relax on chair-high seats.

A wonderful new world of safety. Ford's big safety news for 1960 includes new Truck-Size Brakes with brake linings 25% bigger. Ford's new Safety-Girder Frame is 25% stronger than ever before. Better visibility, too.

FALCON—The New-Size Ford

Here is the welcome news Americans have been waiting for... the Falcon, a product of Dearborn, Michigan, automotive capital of the world, was expressly designed for American needs on the American road. It's the one economy car without the economy-car look.

Averages up to 30 miles per gallon. Experience Run, U.S.A., proved it! Oil savings? Ford's standard Full-Flow Oil Filter stretched oil changes 4,000 miles apart.

The engine's up front for greater safety and stability. Built brand-new for the Falcon, the short-stroke Falcon Six was developed, and mounted up front, according to long-proved, thoroughly accepted engineering principles.

1960 Falcon seats six with ease. Six fit comfortably into the Falcon—and it swallows luggage for six in the big rear trunk that holds 28 cu. ft. Compare this with others!

Easiest car in the world to own. A Falcon is so easy on the wallet that it's easier than ever to be a 2-Ford family!

THUNDERBIRD—The World's Most Wanted Car

For 1960, the Ford Thunderbird is distinctively new—without basically disturbing the famous profile that has made it America's new fine-car favorite. It's the most wanted car of all!

No matter who you are... or what your tastes and needs... there's an exciting 1960 Ford styled, sized and priced for you. See your Ford Dealer October 8!

BITS O' TALK

and Mrs. Ronald Pickard, son, James, of Monroe spent week end with her parents, and Mrs. Marion Burtch. On Oct. 1, Mrs. Pickard visited old friends in Grayling recently.

The Rev. and Mrs. Harold Knudsen and daughter, Karen, and Mrs. Knudsen's mother, Mrs. Karen Jensen, left Monday on a two weeks vacation which will take them to Chicago, Des Moines and Waterloo, Iowa, and Tyler, Minn., to visit friends and relatives.

Mrs. Larry Balch, Sr., asked in twenty-two children to help her celebrate his birthday. She returned to Alpena Sunday night with Miss Phyllis Mills.

Mr. and Mrs. J. L. Martin were called to St. Ignace last week because of the tragic death of the former's nephew, Gerald Bicknell, age 34, who was killed in a fall from a tower 80 ft. in height being constructed at one of the open pit iron mines at Ishpeming. Mr. Bicknell was a structural steel worker. He is survived by his wife and five children at St. Ignace, his parents, Mr. and Mrs. G. A. Bicknell of Oldsmar, Fla., a brother at Trenton, N. J., and two sisters at Clawson. He was laid to rest in Lakeside Cemetery, St. Ignace.

Mr. and Mrs. Kenneth Ashton accompanied Mr. and Mrs. Claude Sloan to Irwin, Pa., last Friday, where Mr. Sloan accepted delivery of a Scotty Sportman trailer, like the one shown by Bill Cullen on "The Price is Right." Mr. Sloan is the local agent. The two couples returned home Sunday.

Miss Greta Roberts of Monterey, Massachusetts, is visiting her sister, Mrs. Paul Henion. She will remain while Mrs. Henion is taking a course in anesthesia at Cook County Hospital, Chicago.

Leo Jorgenson retired Monday of last week from the job he has held working for the Crawford County Road Commission for the past fifteen years. Actually he has been in the same job since 1937, but from that time to 1944 he was under the state highway department. Two other men have retired this year so far, John LaMotte in March, and William Laurant in July. Joe Olson of Frederic will also be retiring sometime between now and November. All have reached the compulsory retirement age.

Dr. and Mrs. R. L. Barrus of Lansing spent the week end at their AuSable River cottage.

Esbarn Olson, Jr., returned last Thursday from a week's hunting trip with friends in Wisconsin, bringing a black bear he shot with bow and arrow the previous Sunday. The Bowhunters Club is planning to stage a bear dinner some time in the future as a result of his hunt.

Mrs. Loren Douglas returned home Saturday after a three week visit with her sister, Miss Margaret Failing, in Bay City.

Sam says due to the tremendous call for home made bread, please place orders ahead of time and avoid disappointment, especially on weekends. L & L Do Nut Shop.

Mrs. James Forbes and her mother, Mrs. Margaret Barton, enjoyed several days of touring in the Upper Peninsula last week, including three days at Copper Harbor, and a swing through the Porcupine Mountains.

Mrs. James Brown entertained with a dinner party for her son, Rickie and six of his little friends on Wednesday, September 23, in celebration of Rickie's 5th birthday. There were games prior to the dinner, and the traditional ice cream and birthday cake to send the young folks home full and happy.

Mark Day, son of Mr. and Mrs. Howard Day, celebrated his 11th birthday last Friday afternoon, September 25th, with a canoe trip on the AuSable as far as Louisa Landing. Accompanying him were Peter Funck, Howie Madsen, Stanley Morse, Doug Blaine and Richard Stephan. They stopped off at the Drive-In for hamburgers and French fries after the boat trip, and then went to Mark's home for birthday cake and ice cream.

Miss Ruth Day of Detroit spent the week end visiting the Glenn Day and Howard Day families. Last week on Wednesday Mrs. Mona Klein of Lake Leelanau visited both families.

Miss Patsy McEvers had as her guest Friday night and Saturday Miss Carolyn Klein.

Mrs. Judd Lane and her son, the Rev. Fr. Howard Lane of Hendersonville, North Carolina, called on her sister, Mr. and Mrs. Jerome Strong and nephew and family, the Robert Strong family, Sunday. Fr. Lane read the 10:30 low Mass at St. Mary's Church. The Lanes and the Jerome Strong were dinner guests of the Sisters of Mercy on Sunday and enjoyed a tour of the hospital. Mrs. Lane and Fr. Lane wanted especially to call on Sister Mary Stella as her sister, Mrs. Agnes McFarlan, is a member of Fr. Lane's parish and a friend of the family. Sister Mary Stella visited the Lanes while in Hendersonville.

They stopped off at the Drive-In for hamburgers and French fries after the boat trip, and then went to Mark's home for birthday cake and ice cream.

Miss Ruth Day of Detroit spent the week end visiting the Glenn Day and Howard Day families. Last week on Wednesday Mrs. Mona Klein of Lake Leelanau visited both families.

Miss Patsy McEvers had as her guest Friday night and Saturday Miss Carolyn Klein.

Mrs. Judd Lane and her son, the Rev. Fr. Howard Lane of Hendersonville, North Carolina, called on her sister, Mr. and Mrs. Jerome Strong and nephew and family, the Robert Strong family, Sunday. Fr. Lane read the 10:30 low Mass at St. Mary's Church. The Lanes and the Jerome Strong were dinner guests of the Sisters of Mercy on Sunday and enjoyed a tour of the hospital. Mrs. Lane and Fr. Lane wanted especially to call on Sister Mary Stella as her sister, Mrs. Agnes McFarlan, is a member of Fr. Lane's parish and a friend of the family. Sister Mary Stella visited the Lanes while in Hendersonville.

celebrate his birthday. She returned to Alpena Sunday night with Miss Phyllis Mills.

Mr. and Mrs. J. L. Martin were called to St. Ignace last week because of the tragic death of the former's nephew, Gerald Bicknell, age 34, who was killed in a fall from a tower 80 ft. in height being constructed at one of the open pit iron mines at Ishpeming. Mr. Bicknell was a structural steel worker. He is survived by his wife and five children at St. Ignace, his parents, Mr. and Mrs. G. A. Bicknell of Oldsmar, Fla., a brother at Trenton, N. J., and two sisters at Clawson. He was laid to rest in Lakeside Cemetery, St. Ignace.

Mr. and Mrs. Kenneth Ashton accompanied Mr. and Mrs. Claude Sloan to Irwin, Pa., last Friday, where Mr. Sloan accepted delivery of a Scotty Sportman trailer, like the one shown by Bill Cullen on "The Price is Right." Mr. Sloan is the local agent. The two couples returned home Sunday.

Miss Greta Roberts of Monterey, Massachusetts, is visiting her sister, Mrs. Paul Henion. She will remain while Mrs. Henion is taking a course in anesthesia at Cook County Hospital, Chicago.

Leo Jorgenson retired Monday of last week from the job he has held working for the Crawford County Road Commission for the past fifteen years. Actually he has been in the same job since 1937, but from that time to 1944 he was under the state highway department. Two other men have retired this year so far, John LaMotte in March, and William Laurant in July. Joe Olson of Frederic will also be retiring sometime between now and November. All have reached the compulsory retirement age.

Dr. and Mrs. R. L. Barrus of Lansing spent the week end at their AuSable River cottage.

Esbarn Olson, Jr., returned last Thursday from a week's hunting trip with friends in Wisconsin, bringing a black bear he shot with bow and arrow the previous Sunday. The Bowhunters Club is planning to stage a bear dinner some time in the future as a result of his hunt.

Mrs. Loren Douglas returned home Saturday after a three week visit with her sister, Miss Margaret Failing, in Bay City.

Sam says due to the tremendous call for home made bread, please place orders ahead of time and avoid disappointment, especially on weekends. L & L Do Nut Shop.

Mrs. James Forbes and her mother, Mrs. Margaret Barton, enjoyed several days of touring in the Upper Peninsula last week, including three days at Copper Harbor, and a swing through the Porcupine Mountains.

Mrs. James Brown entertained with a dinner party for her son, Rickie and six of his little friends on Wednesday, September 23, in celebration of Rickie's 5th birthday. There were games prior to the dinner, and the traditional ice cream and birthday cake to send the young folks home full and happy.

Mark Day, son of Mr. and Mrs. Howard Day, celebrated his 11th birthday last Friday afternoon, September 25th, with a canoe trip on the AuSable as far as Louisa Landing. The New Michigan Grayling

By Charles L. Pollack

Crawford County, lying a few
miles north of Central Michigan,
bestowed quite an honor on the
beautiful grayling trout. For
they named their County Site, the
largest city therein, Grayling.

It was not by accident that this
prosperous city received such a
name. The lovely Ausable River
flows within the city and at one
time teemed with grayling. Fish-
ermen the world over came to this
equally famous river, and city,
for the purpose of catching this
delicate trout sometimes called,
"the monarch of the streams."

But also, it was because of this
worldly famous trout? According
to Mr. Ernest A. Westerman, Chief
of Michigan's Fish Division, the
last known grayling to be caught
was in the Otter River, Houghton
County, about 1934.

Many old timers who live in and
near Grayling feel that these are
a few of the contributing factors
for the grayling becoming extinct
in Michigan waters.

One: New roads and faster cars
made "fishing holes" more accessi-
ble, causing more weekend vaca-
tioners and a thriving tourist in-
dustry.

Two: As these roads improved
and more people came up, the art
of fly rod angling became a grow-
ing sport resulting in trout waters
being over-fished.

Three: The Conservation De-
partment, discovering a diminish-
ing supply of rainbows, stocked
too many. It is claimed that the
rainbow reproduced faster than
the grayling and they also ate the
grayling and grayling, too.

Results: The rainbow fishing
and the fishermen tugging.

For some time now rumors have
been going around that the Fish
Division had planted grayling
trout somewhere. These rumors
consisted mostly of where the
grayling came from: Washington,
Oregon, Montana, and as far away
as Alaska. I asked Mr. Westerman
if there was grayling finning
about Michigan waters, and if so,
how many and where did they
come from.

Mr. Westerman replied, "The
Montana grayling were planted
because they were the only species
of grayling available to us. The
Michigan form having disappear-

ed completely about 25 years ago.
Also, the Montana grayling ap-
parently closely related to the
Michigan grayling. Nine hundred
twelve grayling were planted in a
size range of 2 to 3 inches when
they were approximately one
year of age."

I also wanted to know whether
the grayling was planted in a
segregated stream, or a lake? If
so, was the fish previously in
these waters removed before the
planting took place.

Westerman stated, "Manganese
Lake, and it was chemically treat-
ed before the grayling was plant-
ed to remove all other species of
fish. We hope there are no other
fish in this lake at the present
time."

Manganese is an ideal lake for
the planting. Covering a surface
distance of 52.5 acres and having
a maximum depth of 27 feet. Al-
so there are two small tributary
streams that are considered suit-
able for spawning grounds. The
lake is located in section 5, T8N,
R28W, Keweenaw County.

Michigan Conservation Depart-
ment.

Mr. Westerman said, "The fact
that grayling were relatively
abundant at one time in a num-
ber of larger river systems in the
lower peninsula of Michigan, adds
interest to the possibility of main-
taining at least a small popula-
tion of grayling in Michigan if
possible."

Upon closing I inquired about
there being an open season on the
new grayling in the future.

Westerman stated, "There is no
provision at the present time for
an open season in taking grayling.
It was deemed advisable to keep
the season closed, at least until
the success of this introduction
was determined. If an open sea-
son is eventually provided, it
probably be a short one some
time during the summer season."

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines

tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation
that brought a new standard of roadability to the American passenger
car, present another fresh original for 1960!

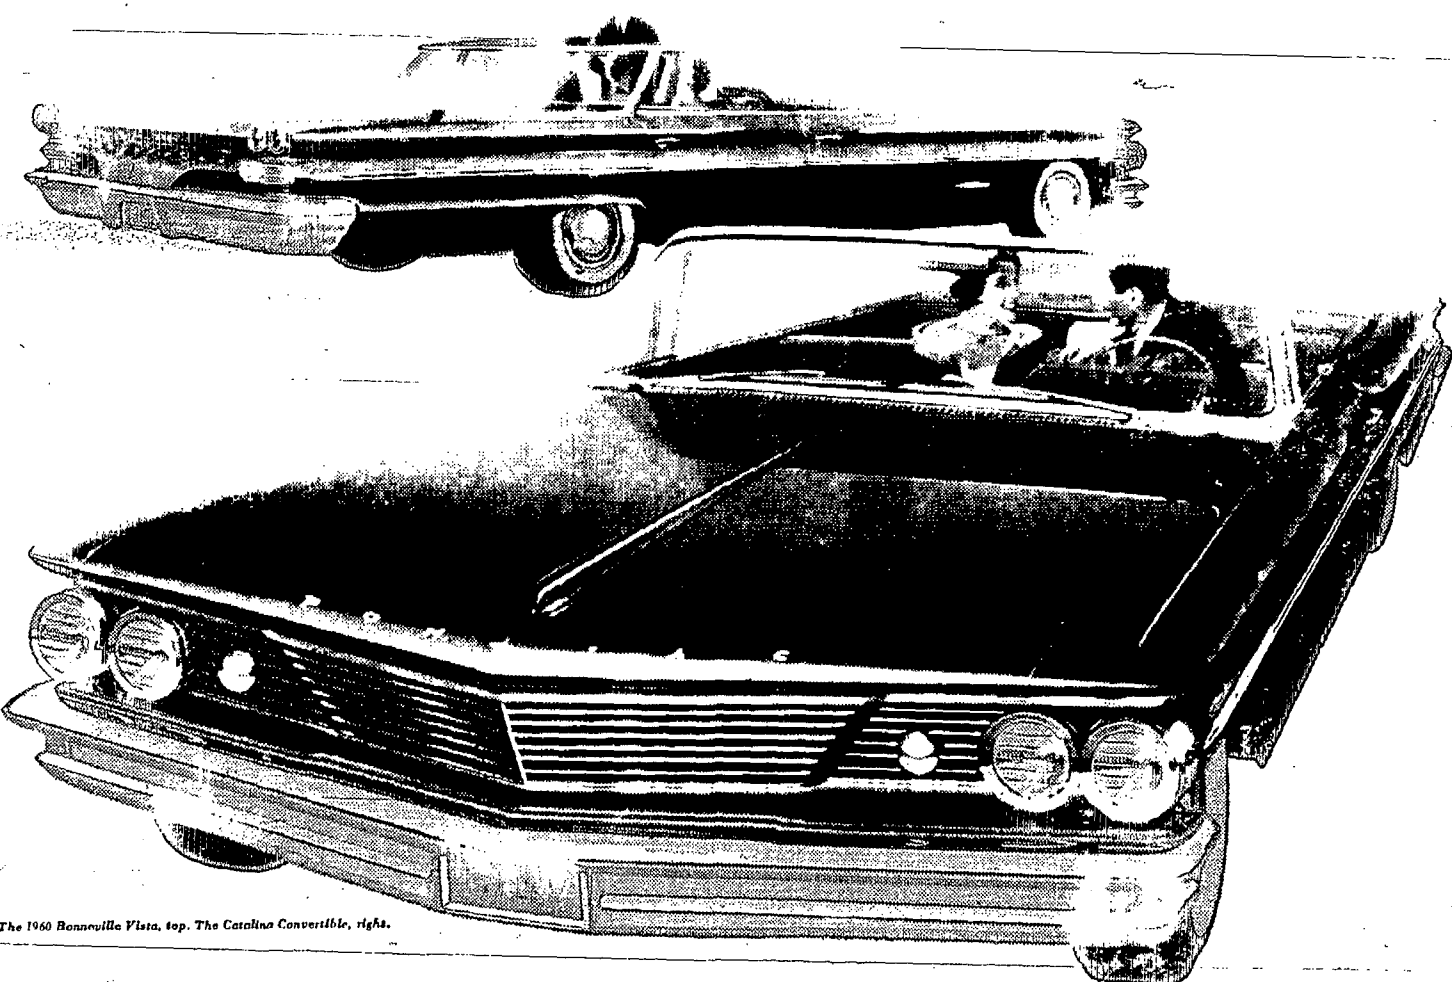

With clean, crisp lines they've composed a delightful rightness
of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a
steadier stance) they've engineered an ingeniously improved
suspension system. This combination of a firm foundation and supple
suspension gives you flawless control, more skill in the fine art of
driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-
gaining power packages to choose from. All are husky V-8's, ranging
from the frugal 425E economy engine that prefers regular grade
gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough?
Isn't this your year to become a participant in Pontiac pleasure,
to move up to Pontiac ownership, where the enjoyment is the fullest,
where the point of view is the freshest?

Wide-Track Wheels give you swayless
stability, solid comfort. You maneuver with
skillful sureness, accurate control. It's
the sweetest, most precise, most
rewarding driving you've ever felt.
